9:55AM - 11:55AM	Day 2, Period 4	Day 3, Period 4	Day 3, Period 3	Day 4, Period 1
My exam is:				

Please Note:

- You are **NOT** required to be in school if you are not scheduled to take a final exam.
- All morning buses run on the usual schedule. Afternoon buses will leave the school at 12:10.
- Make-up exams may take place each afternoon, June 14th, or June 17th.
 - Students must make arrangements with their teachers to make up an exam.

Preparing for Exams:

- Once the exam is announced, or you receive a study guide, find out what kind of exam it will be: multiple choice, short answer, essay
- Immediately start working on completing the study guide or creating a content summary sheet
- Spend the days leading up to the exam, reviewing the completed study guides/summary sheets
- Don't forget about the Academic/Math Center and After School Homework Club located in the LLC!

Tips for Day of Exams:

- Eat before a test, having food in your stomach will give you energy and help you focus.
- Don't try to pull an all-nighter, get at least eight hours of sleep before the test.
- When you first receive the test, do a quick survey of the entire test so that you know how to efficiently budget your time.
- Do the easiest problems first; don't stay on a problem you are stuck on, especially when time is a factor.

Tips Continued:

- Don't rush, but pace yourself, read the entire question and look for key words.
- Write legibly, if the teacher can't read what you wrote, you can't get credit for the right answer!
- Keep a positive attitude throughout the whole test and try to stay relaxed. If you start to feel nervous, take a few deep breathes to relax.
- Don't worry if others finish before you; focus on the test in front of you.
